Guest speakers will talk about some of the areas that need to be considered to help us get a clearer picture of what we can do to achieve more local food resilience. Discussions will cover topics such as How local is local? Can we all benefit from more structured co-operation and production? Are biofuels a local option? Do our growers need to diversify more? Can we adopt micro production facilities?

More information is available on the Forum website www.lostwithielforum.org/events and also in the Platform Office, the Library and the Community Centre. Attendance is free. To help us with numbers can you please confirm your attendance by emailing events@lostwithielforum.org or calling [01208 871591](tel:01208871591) or register here.
