

#Welcome to Transition Lostwithiel July 2010 e-newsletter

New for 2010:

Fowey Estuary Abundance Project

A community project which harvests and distributes locally grown fruit which is going to waste – in particular apples, pears, plums, greengage etc. So if you donate fruit you will get a share of the harvest – the rest of the fruit is distributed in the local community particularly to local groups in need.

there will be an informal meeting at 4 Penkneck Terrace, Lostwithiel

8 July at 6pm

Anne-Marie Culhane founder of Abundance (winner of Observer Ethical Award 2010 Grassroots project) lives in Lostwithiel and will share information and learning in the hope of forming a cross generational harvesting group in the Lostwithiel area. All are welcome including: people with fruit trees, people interested in harvesting trees and people interested in cooking and processing including jams/chutneys/cider/juice etc. If you can't make it to this initial gathering and are still interested please contact AM on 01208 871767 or mail@amculhane.co.uk

PLANT SWAP summer season..is getting very well used this year ... Every Saturday morning 10 - midday in the Church Yard - courtesy of Friends of St Bartholomew's- swap or give a donation.....

Ground Breaking

Lostwithiel Forum's second public meeting entitled Lostwithiel Community Renewable Energy Opportunities, held on 16 June ,generated lots of interest – and the speakers on solar, wind, geothermal and bio mass encouraged and informed the packed room at the Community Centre.

A renewable energy action group to investigate possible schemes for Lostwithiel needs to be set up to take this forward, so can we invite people who want to get involved to contact the Forum. More information about the event will follow on the Transition and Forum websites.

- **FREE STUFF** ... we are often offered items which are of no use to the owner and we like to pass them on so we really need to start a Free Lostcycle!!

If anyone would be interested in coordinating one persons rubbish but someone else's treasure please contact us and we can discuss how it could work

At the moment we have loads of great cloches for the garden – free!
