Oasis 'Pulled Threads' project

If there is enough interest we are hoping to work with the members of Oasis to produce a clothes show in September. The main remit is to encourage design, organisation, lighting, music and experience the chance to learn new skills in order to make it happen

Initially, we would like to start collecting materials- sheets, duvet covers, curtains, unwanted clothing and accessories.... Contact Lesley Bower 873363 if you have materials that could be useful or would like to help with the project
